

Social Media & Me

Assignment 3 – Sarah Makhani

How has Social Media Changed our Perception?

More dependent on society's opinion

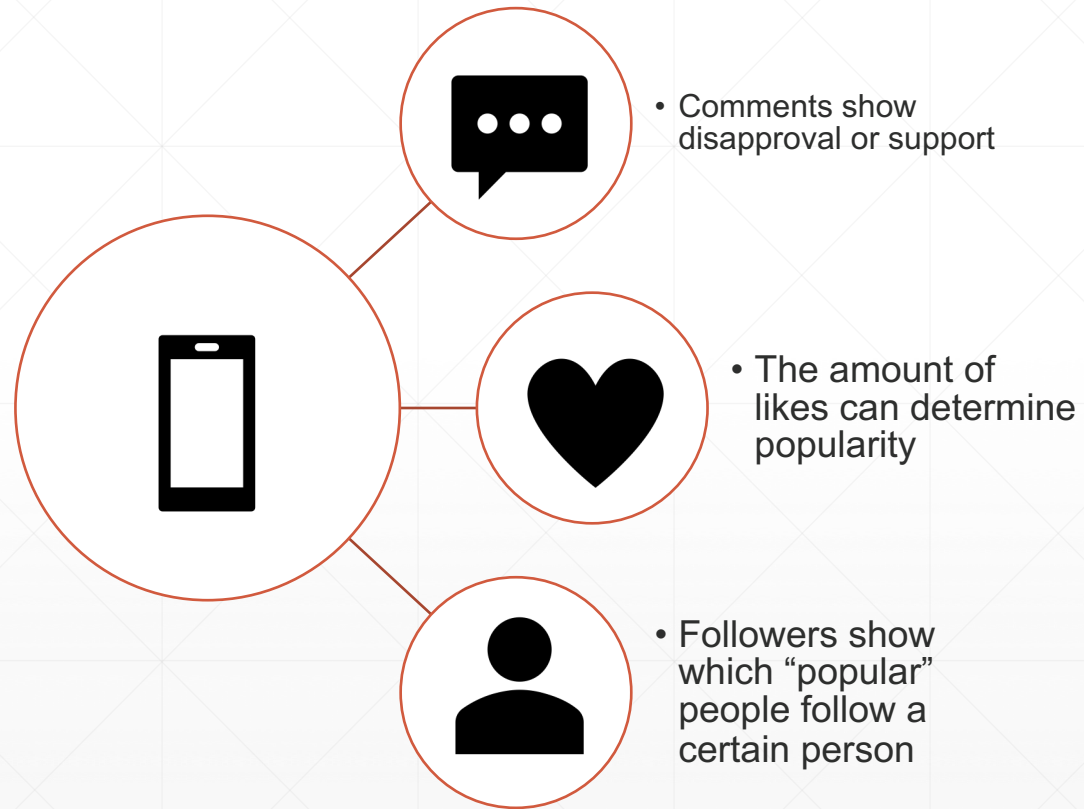

Consider the amount of times a post has been liked, shared, reposted, etc.

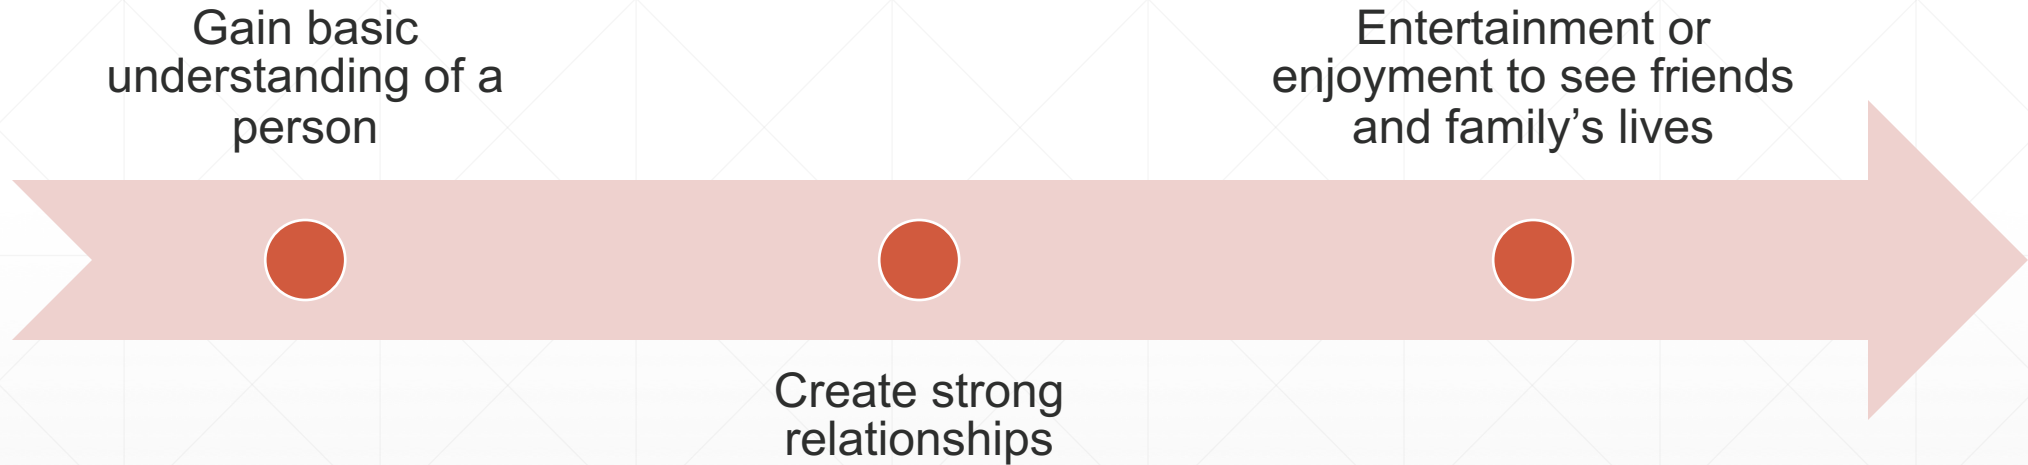

Ignore that the information may be fake

Value of Social Interactions

Pros of Social Media

Similarities to Character and Our World

- Friends can change our opinion very easily
 - Gain or lose points or followers because of minor events
 - Points or followers change the way other people perceive us
 - Less based on physical interaction
 - More based on social interaction
-
